"Annabelle & Bear" premiere benefitting Starfish Family Services

Hail to the victors! That would be everybody connected to "Annabelle & Bear". The all-Michigan film produced, directed and co-written by Birmingham's **Amy Weber** and her Radish Creative Group premiered Feb. 20 to a sold out crowd (1,300) at Detroit's Music Hall Center. The evening was a benefit for Starfish Family Services, a good call considering the story. It's about how an adorable two-year-old (Annabelle played by **Olivia Walby**) snuggled into the heart of her burly, biker birth father (Bear played by **Curt Massoff**) after her crack-addicted mother dumped her on him. Disturbing and distressing describe the scenes shot in actual Detroit crack houses, but Bear's journey to real fatherhood and the hope-filled ending, including his reunion with his alienated mother, left few dry eyes in the house. Here's hoping the wide distribution this film deserves is not long in coming.

Look over the following list and pick a non-profit you'd like to support. If you get to the party and don't know anyone, find me. I've been covering the charity scene for more than 30 years and can probably introduce you to some really nice people. Heck, if you can't afford a ticket, call and see if they need volunteers.
